## All-Inclusive

You are invited to experience the country of Haiti; just leave all the planning, driving and cooking to us! GCA can familiarize you with the people, culture, history and ministry opportunities this country has to offer.

## Passport

Participants should have a passport or make arrangements to get one. Please note that persons from China, Colombia, Dominican Republic, and Panama need to obtain a visa from a Haitian consulate.

## Immunizations

No special immunization is required, however, we recommend having an updated tetanus shot. GCA encourages team members to consult their family doctor for any additional immunizations
